## Recent Project Highlights

### **Energy Modernization Project to Deepen Greening Across the Capital Region**

Public Services and Procurement Canada partnered with Innovate Energy to modernize the National Capital Region's District Energy System. This Energy Savings Acquisition Program will increase the safety, efficiency and environmental performance of several federal and non-federal buildings. Our team is partnering with Tiree Facility Solutions to provide comprehensive project management services and oversee the delivery of this important program.

### **New First Nation School Promotes Cultural Awareness, Health and Wellness**

Blending nature, culture and learning, the Elsipogtog First Nation's new school is truly the product of community collaboration. The state-of-the-art facility combines the works of local artists with traditional colours, totems and teachings. It also promotes health and wellness through accessible, on-site dentistry, physiotherapy and fitness facilities.

## A Message of Support

The entire Colliers organization fully supports the people of Ukraine and the principles of democracy and freedom. Colliers and senior leadership members have made significant donations to the Ukraine Crisis Appeal via the International Committee of the Red Cross and other humanitarian charities. Colliers is also matching employee donations through the Colliers Crisis Fund to maximize support toward humanitarian relief.

## 2022 Best Executive Award Winner!

We're pleased to announce that [Olivia MacAngus](#), Chief Development Officer, is the recipient of one of The Globe and Mail's 2022 Best Executive Awards.

The award celebrates excellence among non-CEO executives and highlights the importance of bold leadership amidst the pandemic and changing economy.

Olivia is a Colliers Project Leaders brand ambassador, role model and mentor. Her dynamic leadership style sets her apart as she creates opportunities and shares expertise with colleagues across the company.

Congratulations, Olivia!

### **CHEO selects Colliers Project Leaders/BTY Group for New Treatment Centre**

CHEO's new 1Door4Care Treatment Centre will merge seven care locations across Ottawa into a single, state-of-the-art facility. The integrated care centre will support kids and teens with complex medical, physical and mental health needs. Our team is contributing to this important project in an advisory role and offering guidance on output specifications, procurement, contract administration and post-occupancy implementation, with support from BTY Group.

### Prince George's YMCA Park House Care and Early Learning Centre

"[The YMCA Park House Care and Early Learning Centre] had a soft open in March and will be welcoming more children and families over the next few weeks. We are so excited to have the children explore, enjoy and live in this beautiful space" said Lorna Grant, Manager of Child Care Operations. Our team is proud to have delivered this important community project on time and on budget and look forward to seeing children and families use this stimulating and creative space.

## Leader Profile: Lisa Tulk

We're passionate about quality. From senior level management to corporate functions, we feel it's important to offer opportunities for continued learning and growth, so we can offer exceptional services across our organization. [Lisa Tulk](#), Quality Assurance Auditor at Colliers Project Leaders, is one of the people that helps make that happen. Lisa facilitates the Quality Performance Ratings that reveal and highlight opportunities for growth.

Through evaluation and education, each member of our project team receives the tools they need to take their performance to the next level.
